

Mohamad Sultan

Senior Front-end Developer

📍 Beirut, Lebanon ✉ msultan49@outlook.com ☎ +96170503458

Profile

A highly skilled and motivated front-end developer with 5 years of experience in designing and implementing user-centric web applications. Proficient in HTML, CSS, JavaScript and TypeScript, with a strong focus on responsive design and cross-browser compatibility. Committed to delivering high-quality code and creating intuitive user experiences. Seeking new opportunities to leverage expertise and contribute to innovative projects.

Professional Experience

Lead Front-end Developer, Acksession  Nov 2021 – present

- Led front-end development efforts for client projects, working closely with cross-functional teams to deliver high-quality web applications.
- Mentored junior developers, providing guidance on best practices and helping them enhance their technical skills.
- Conducted comprehensive browser and device testing to ensure cross-browser compatibility and optimal performance.
- Integrated RESTful APIs and data sources to enable real-time data updates and seamless user interactions.
- Actively participated in code reviews, providing constructive feedback and suggestions for improvement.

Senior Front-end Developer, Bluedrop  Sep 2020 – Nov 2021

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Collaborated with designers and back-end developers to implement user interface designs and ensure seamless integration with backend functionalities.
- Optimized website performance through code optimization, image optimization, and caching techniques.
- Contributed to the creation of a design system to streamline UI development and ensure consistency across multiple projects.

Front-end Developer, Arabia GIS  May 2019 – Sep 2020

- Implemented responsive design principles to ensure a consistent user experience across different devices and screen sizes.
- Conducted thorough testing and debugging to identify and resolve issues, ensuring a high level of code quality.
- Utilized JavaScript frameworks to build dynamic and interactive components.
